A picture book illustrated by Becky Fawdry  
Curated for the purposes of PolyU- Art Direction

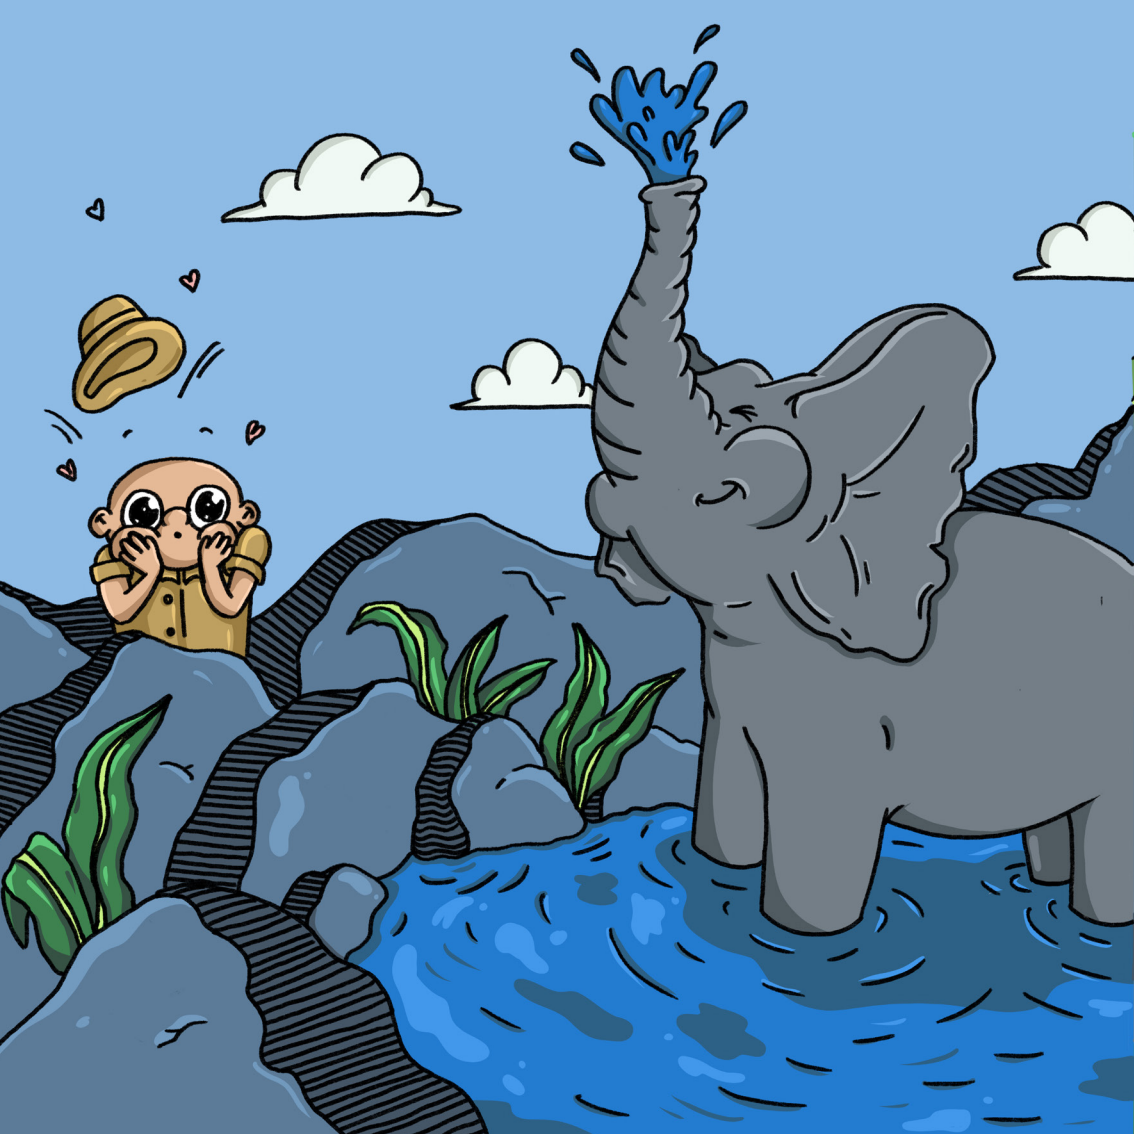

**By Becky Fawdry**

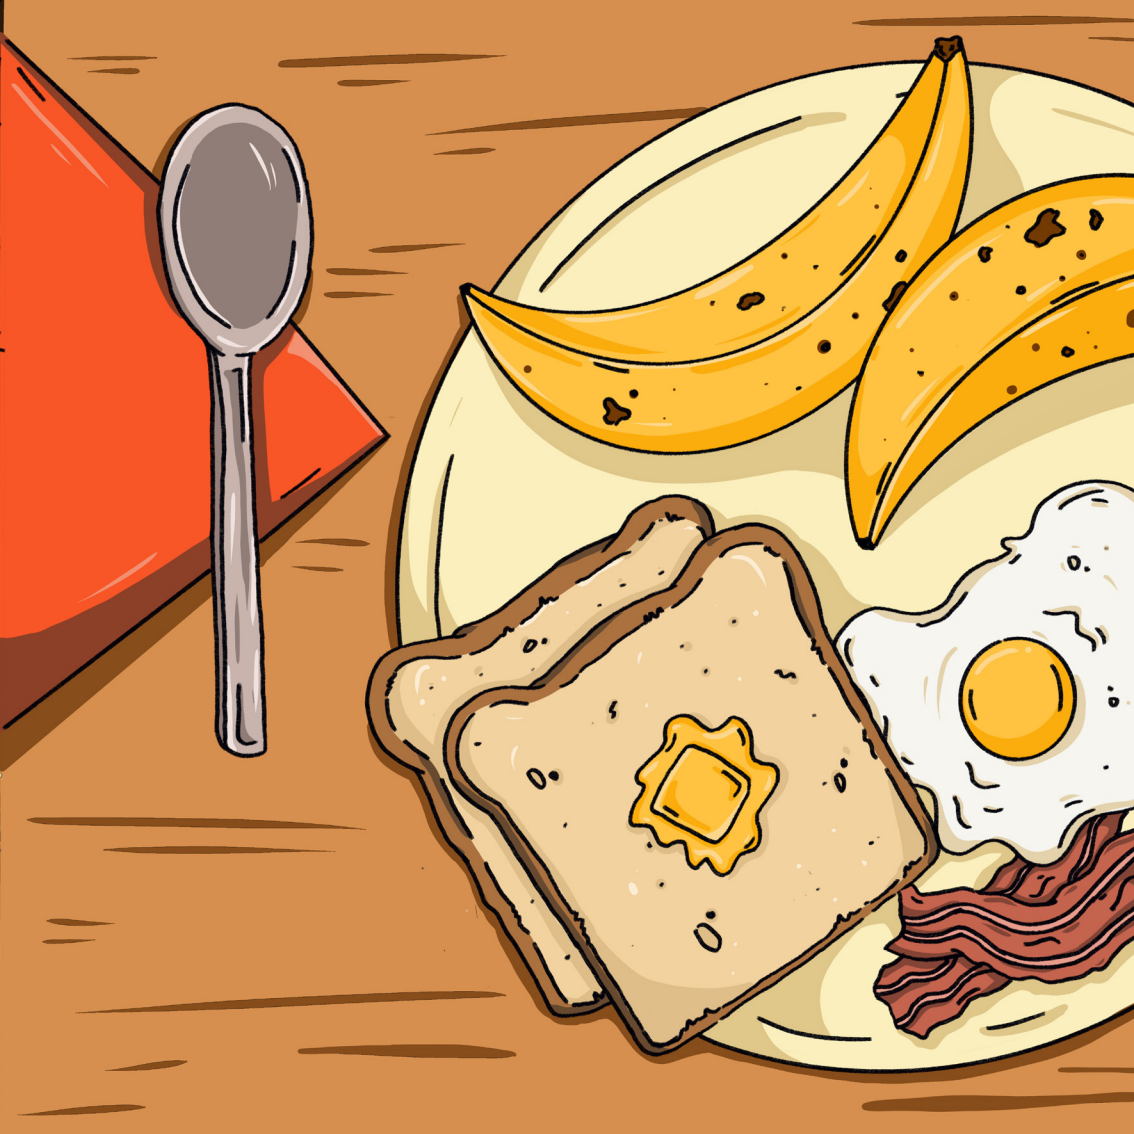

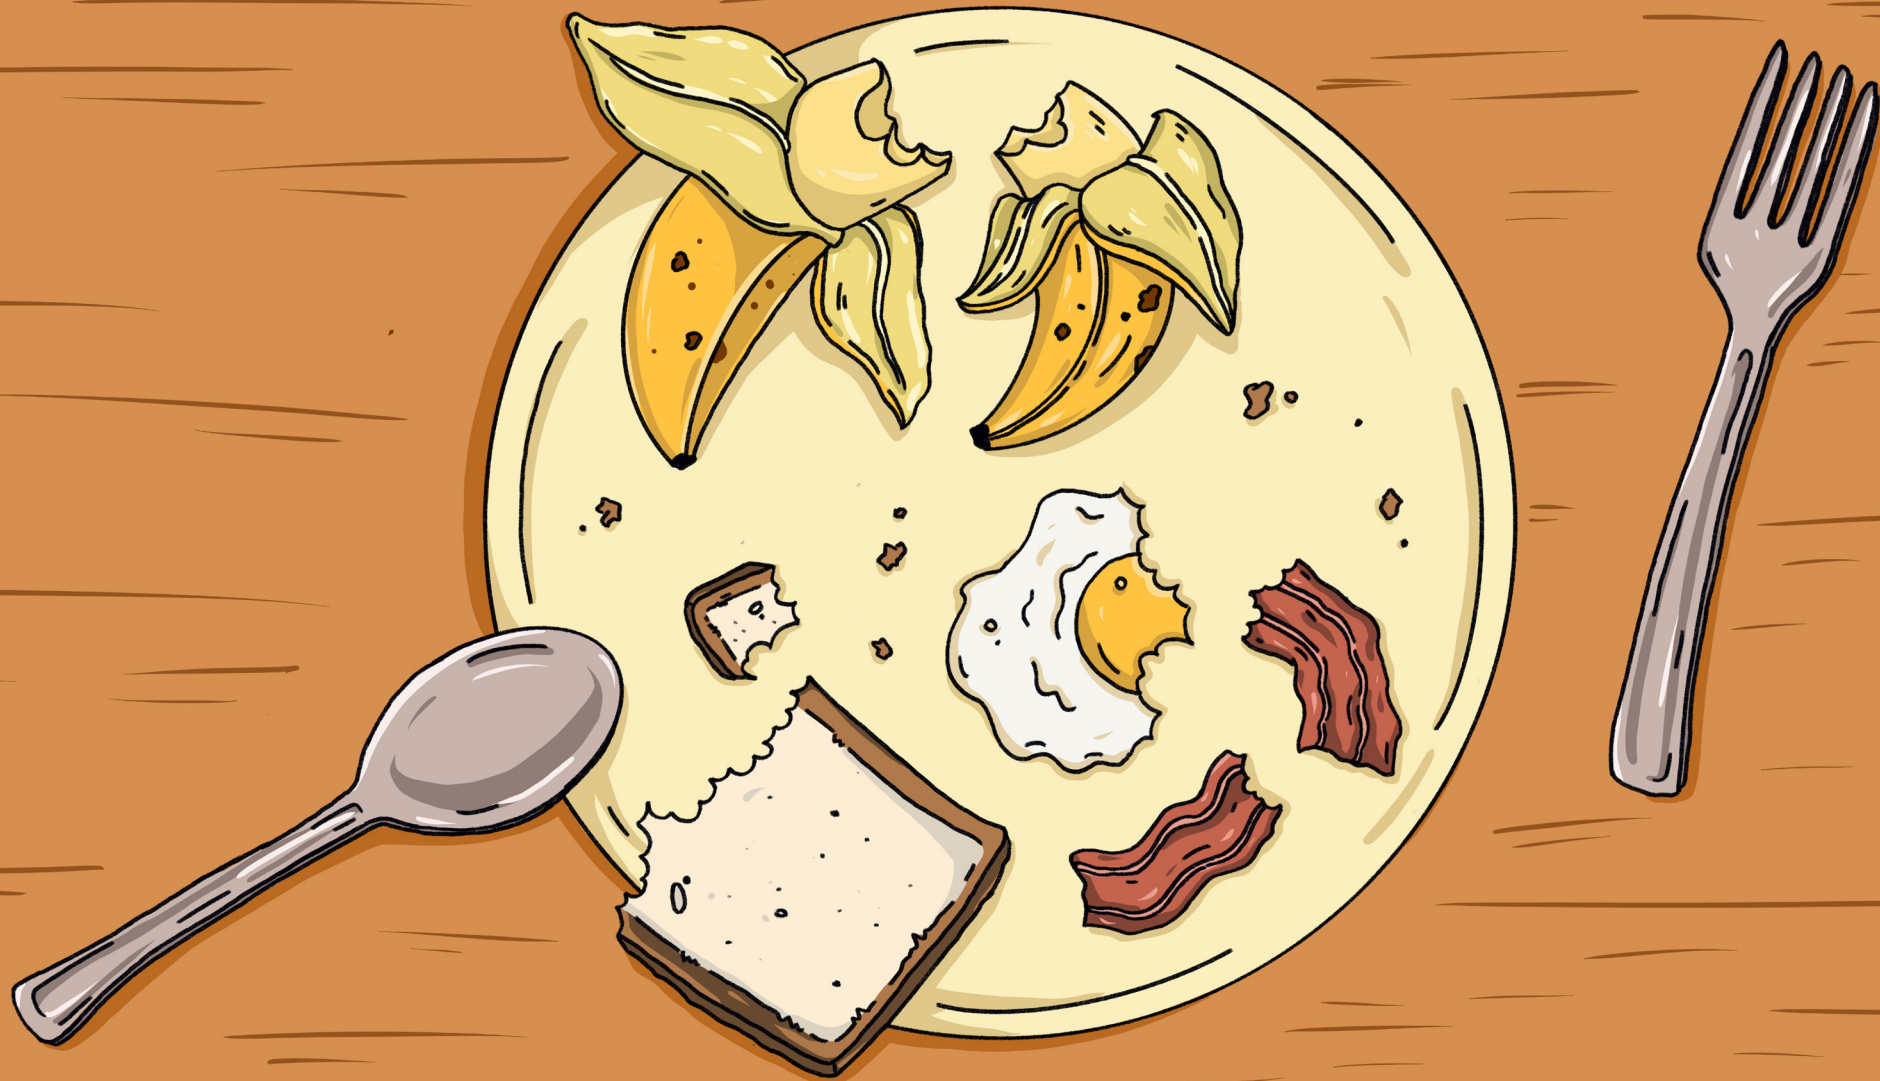

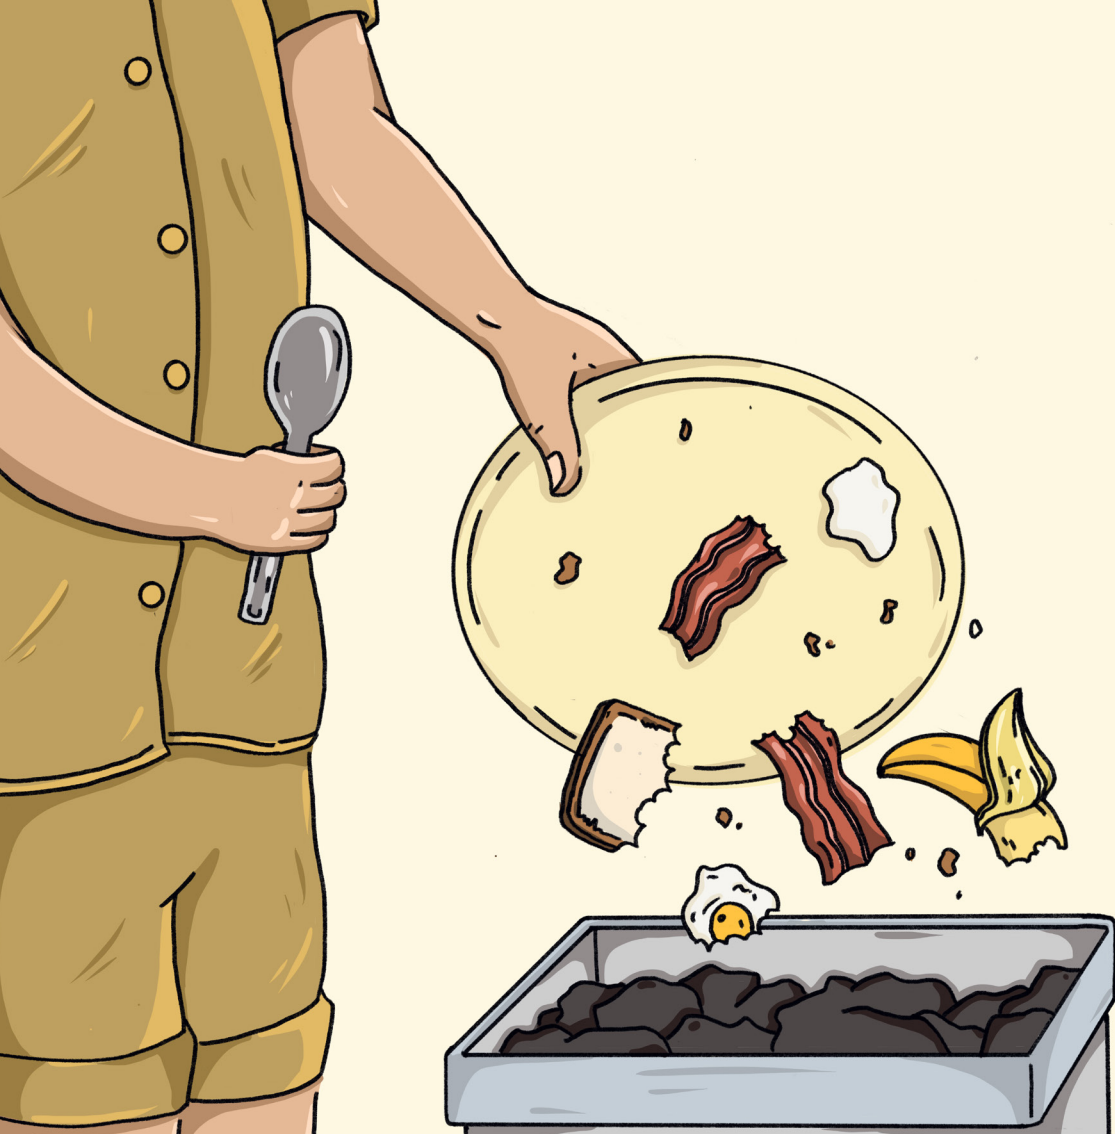

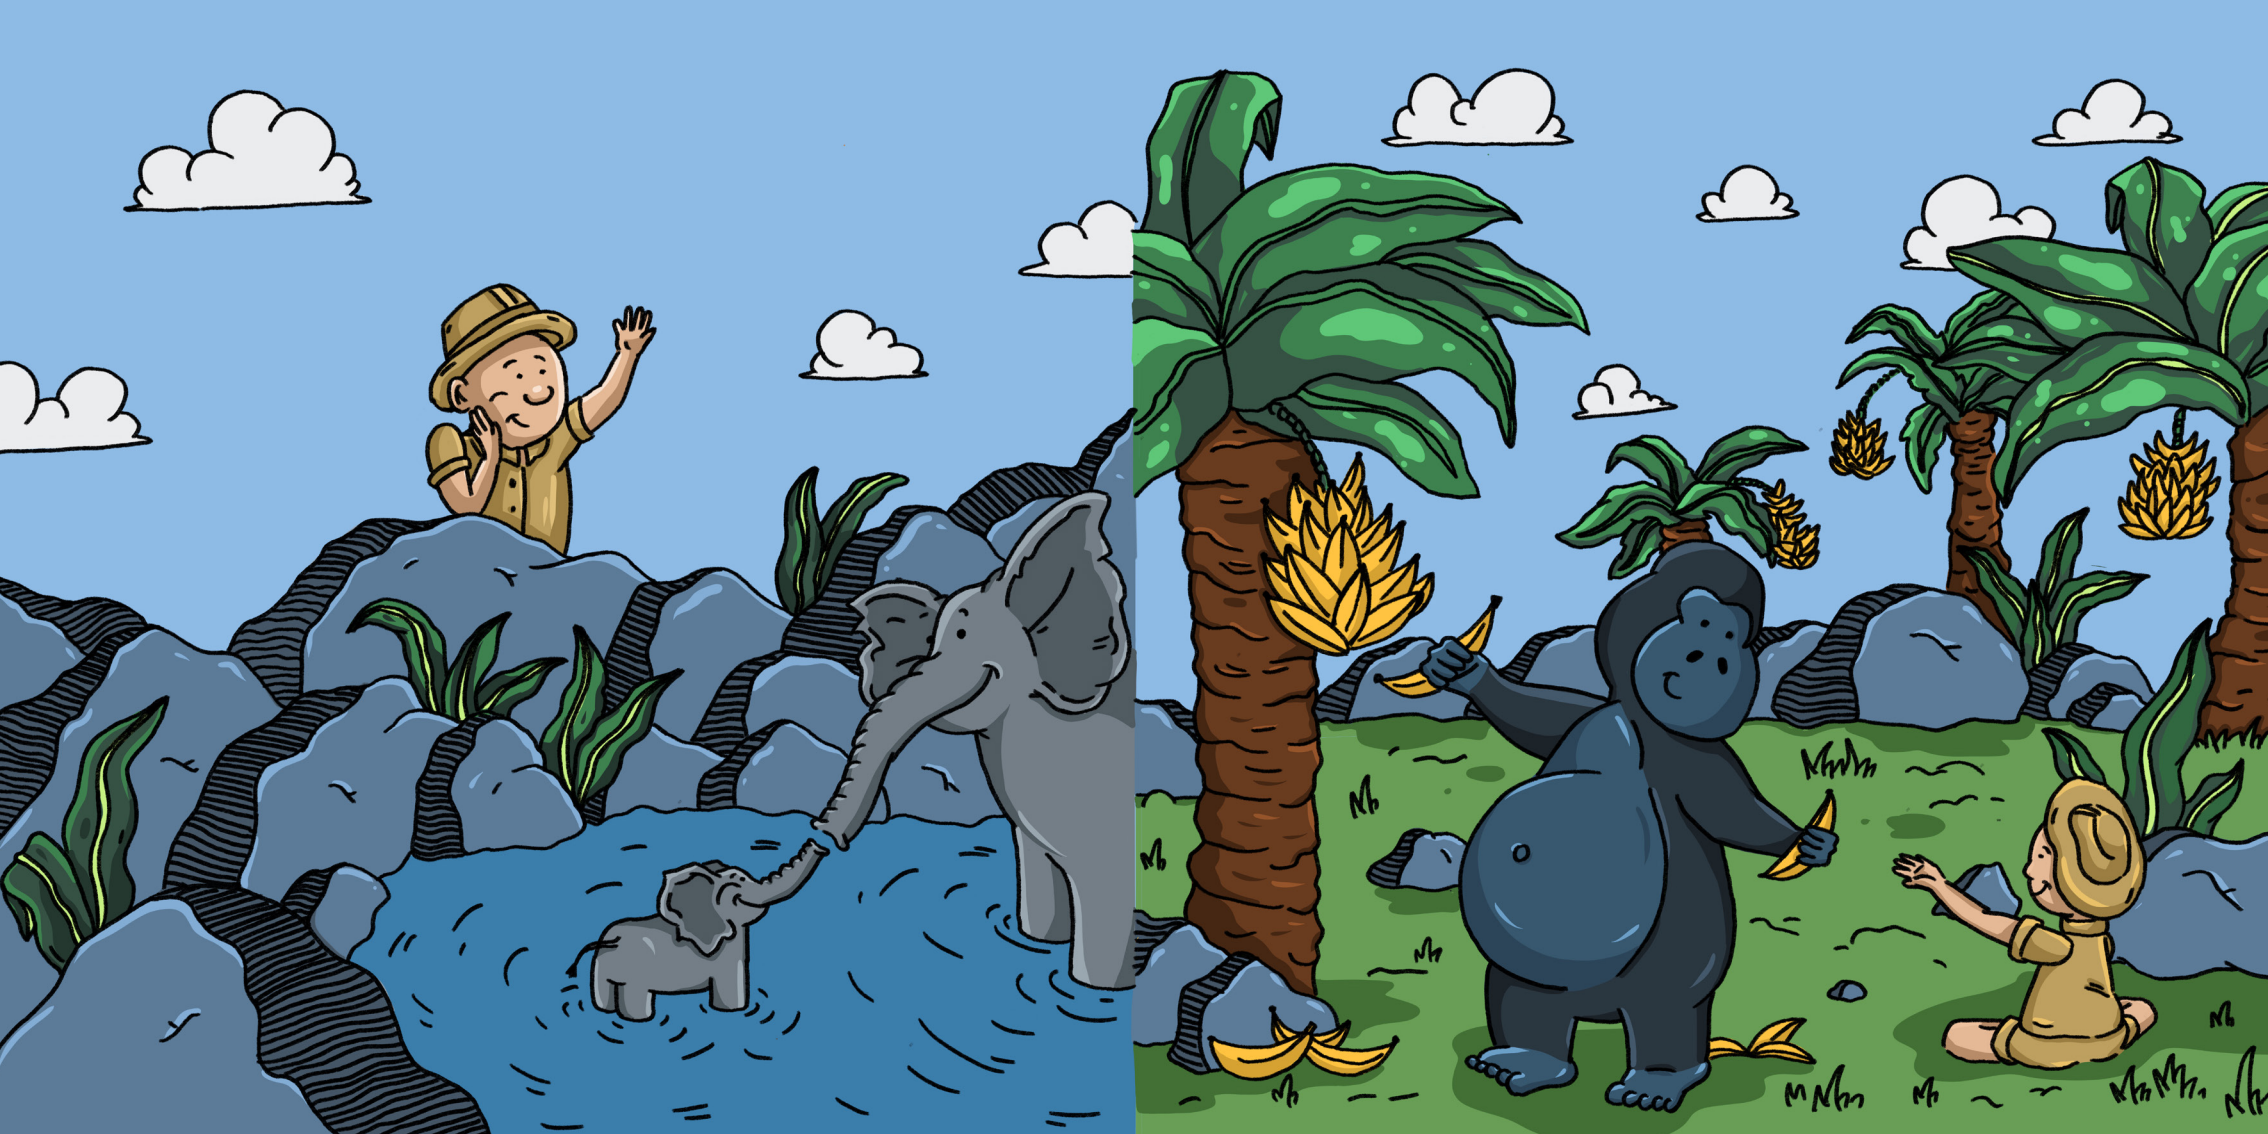

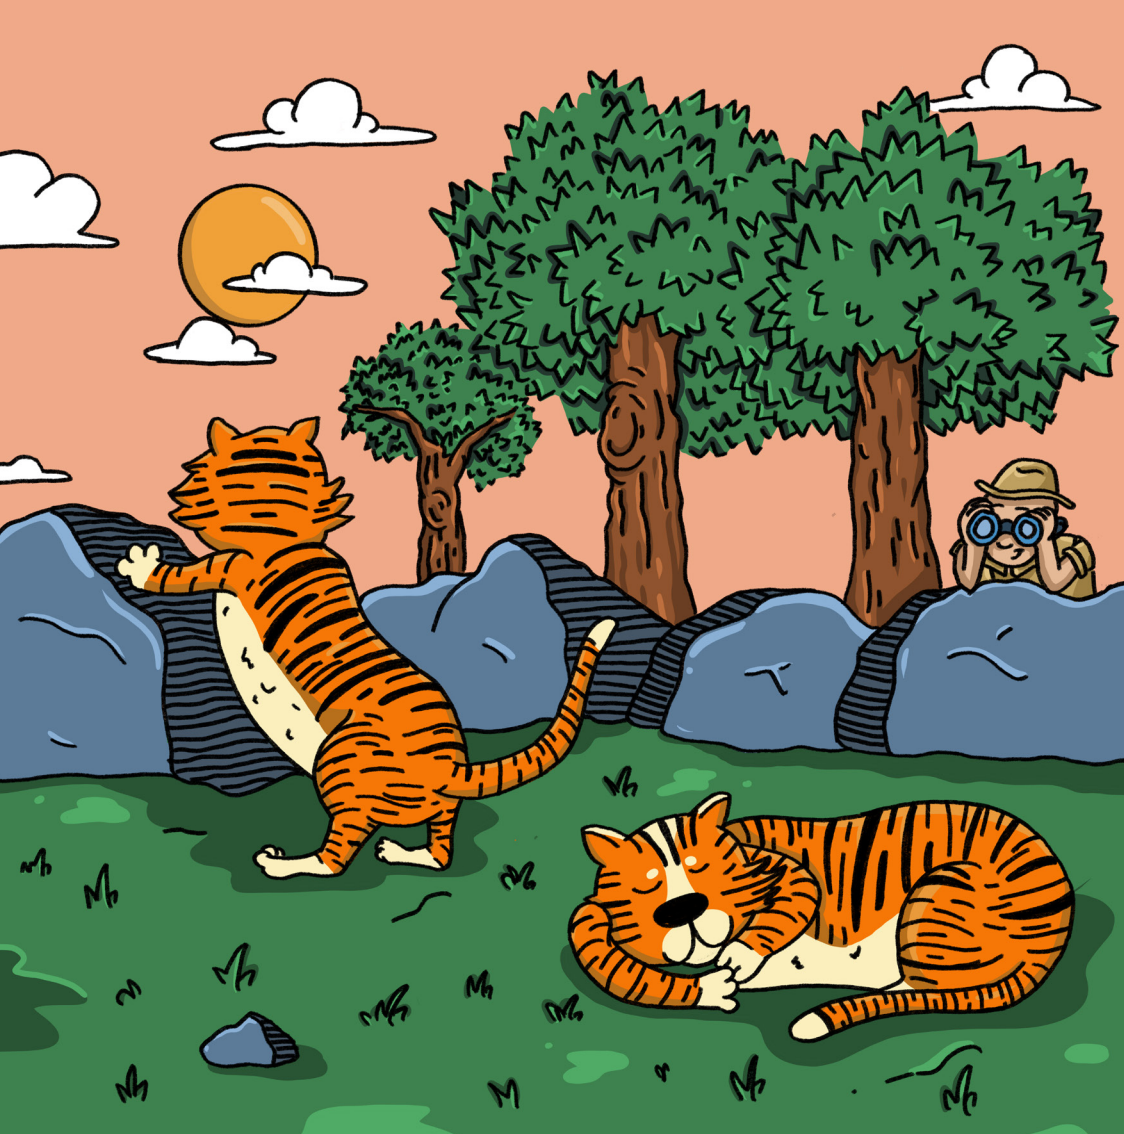

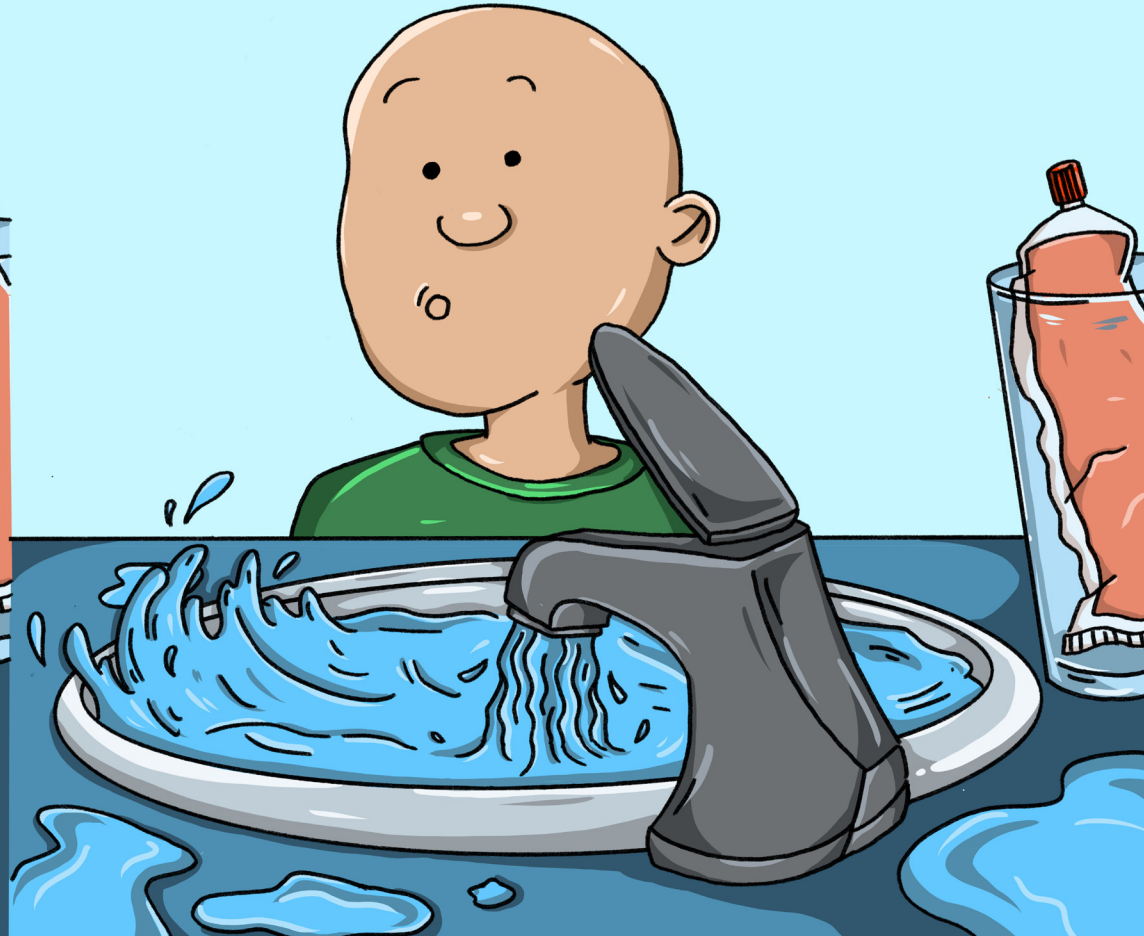

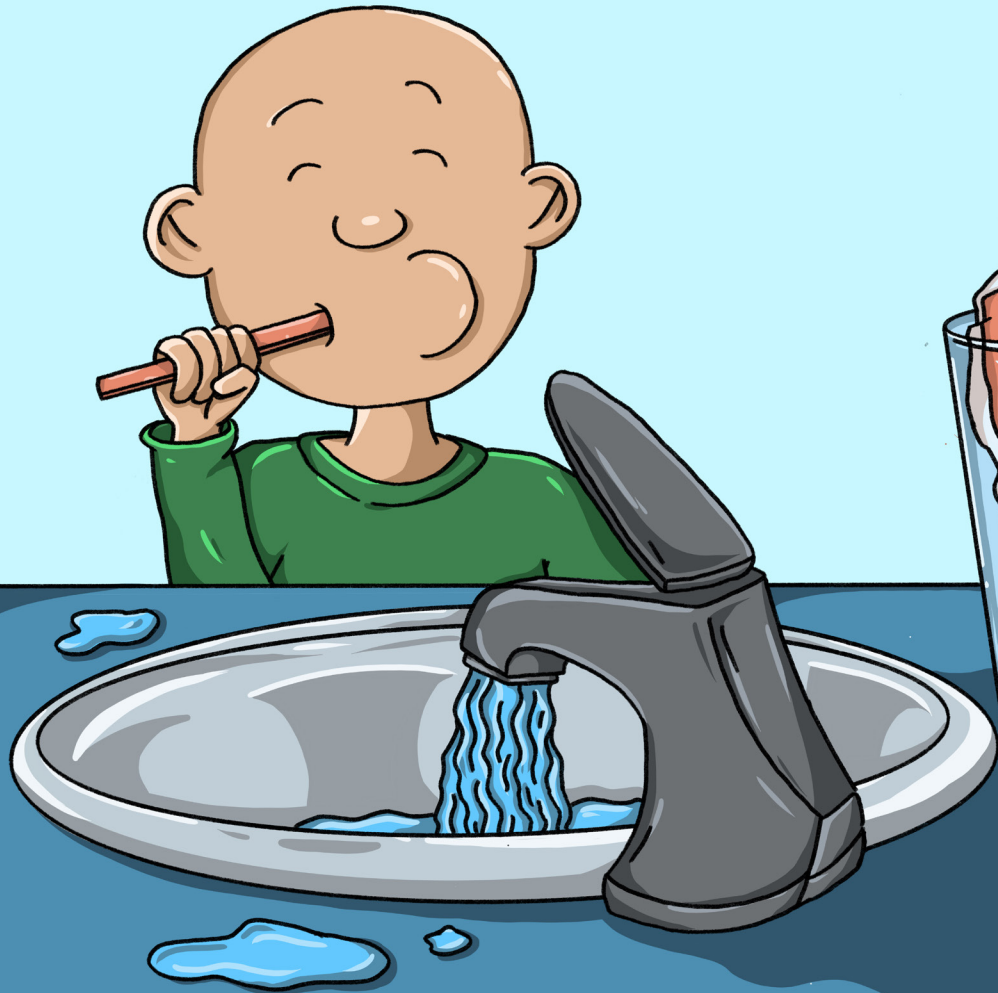

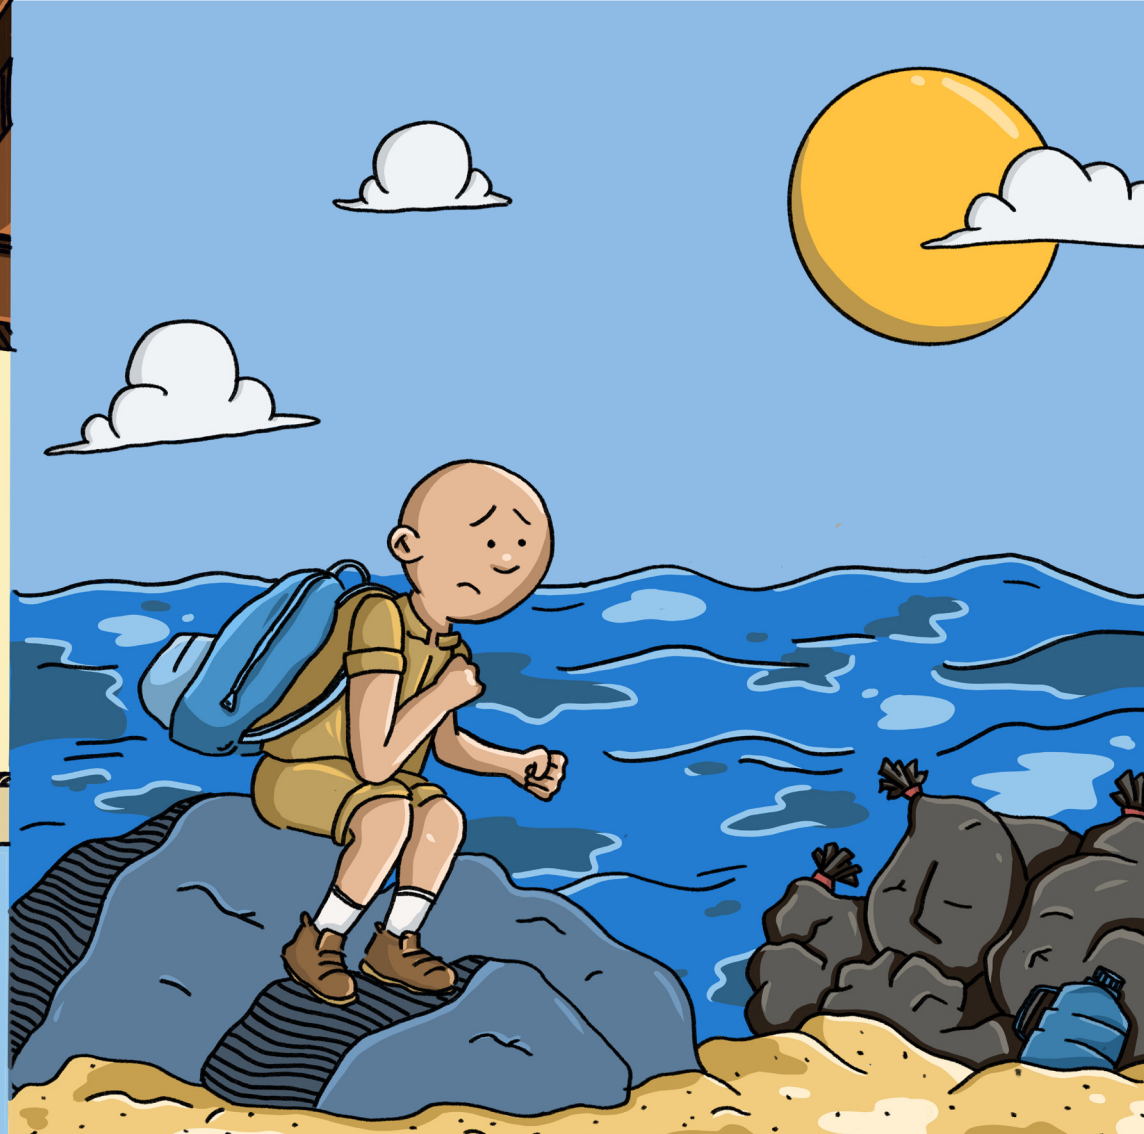

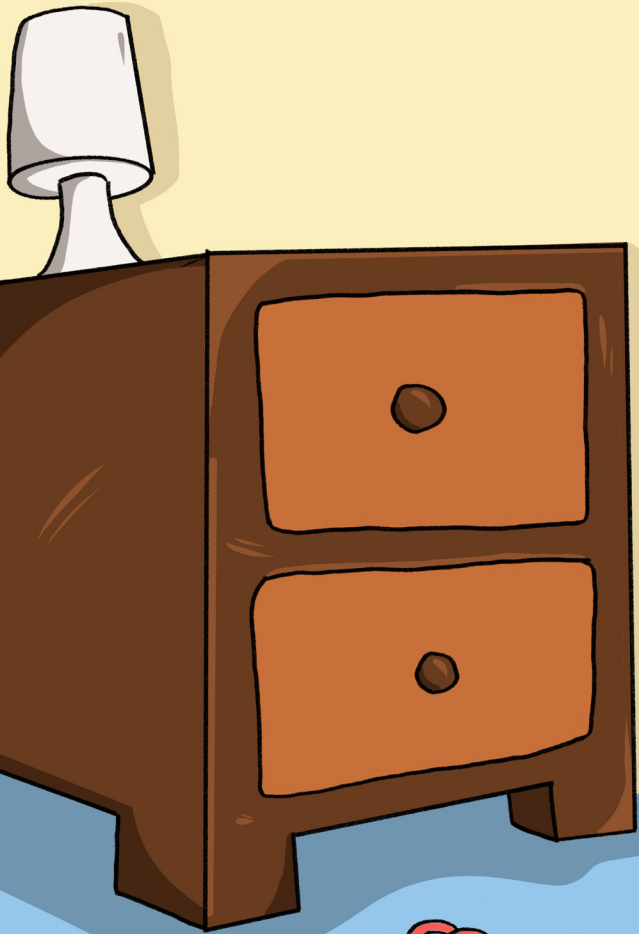

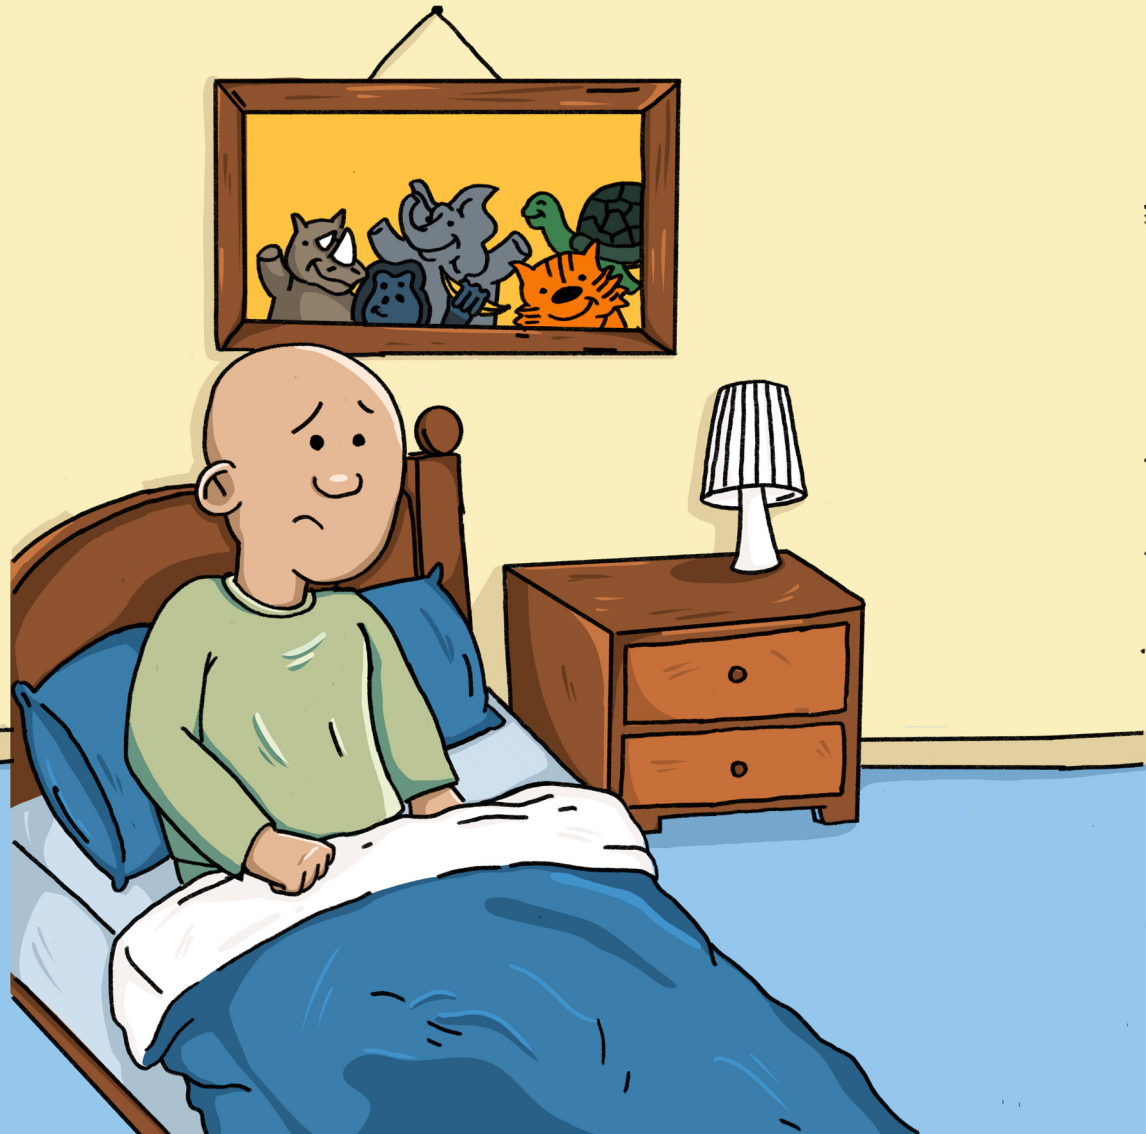

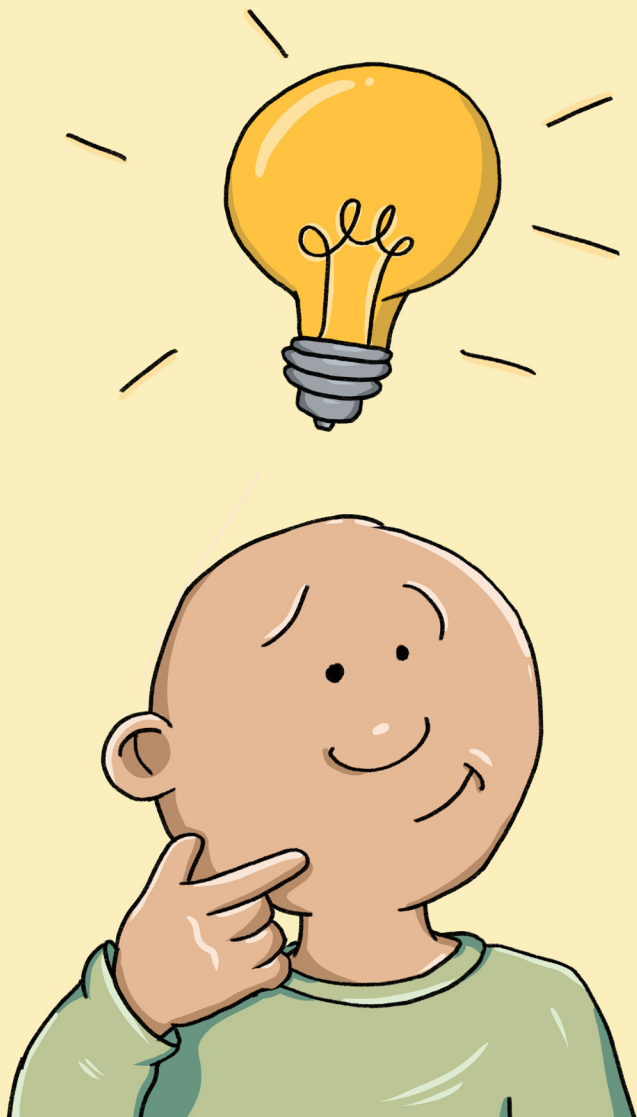

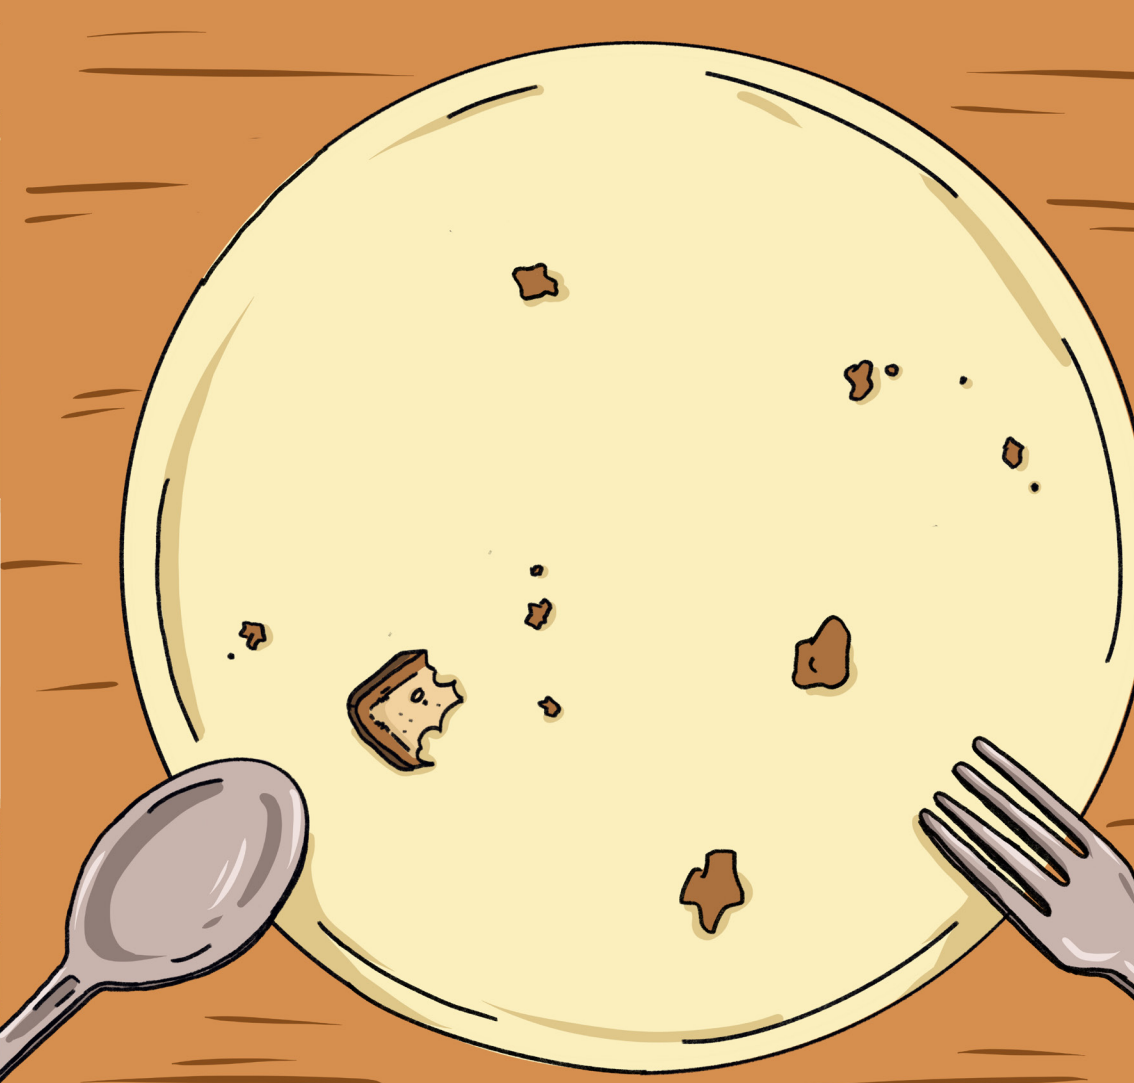

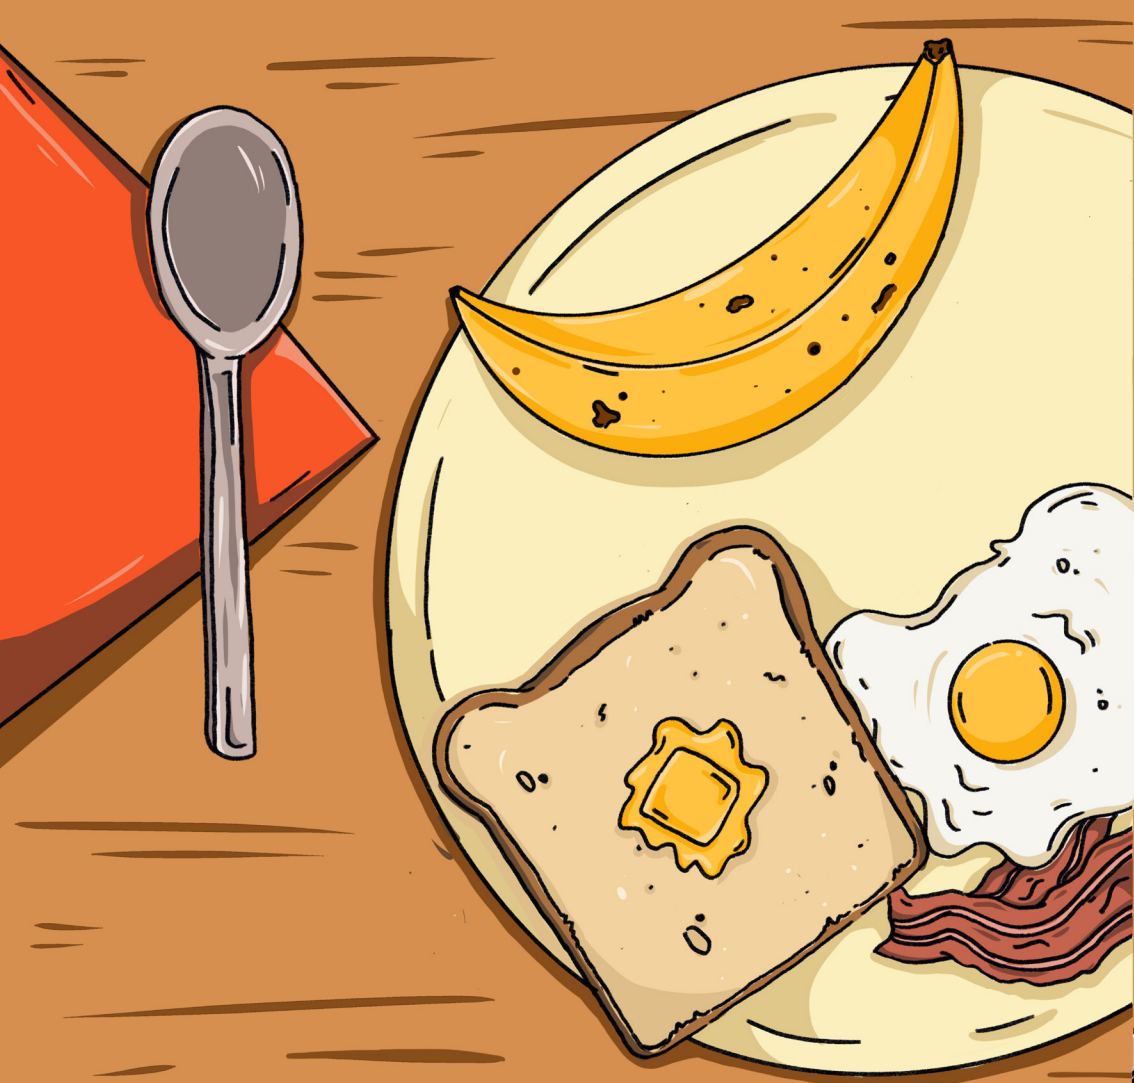

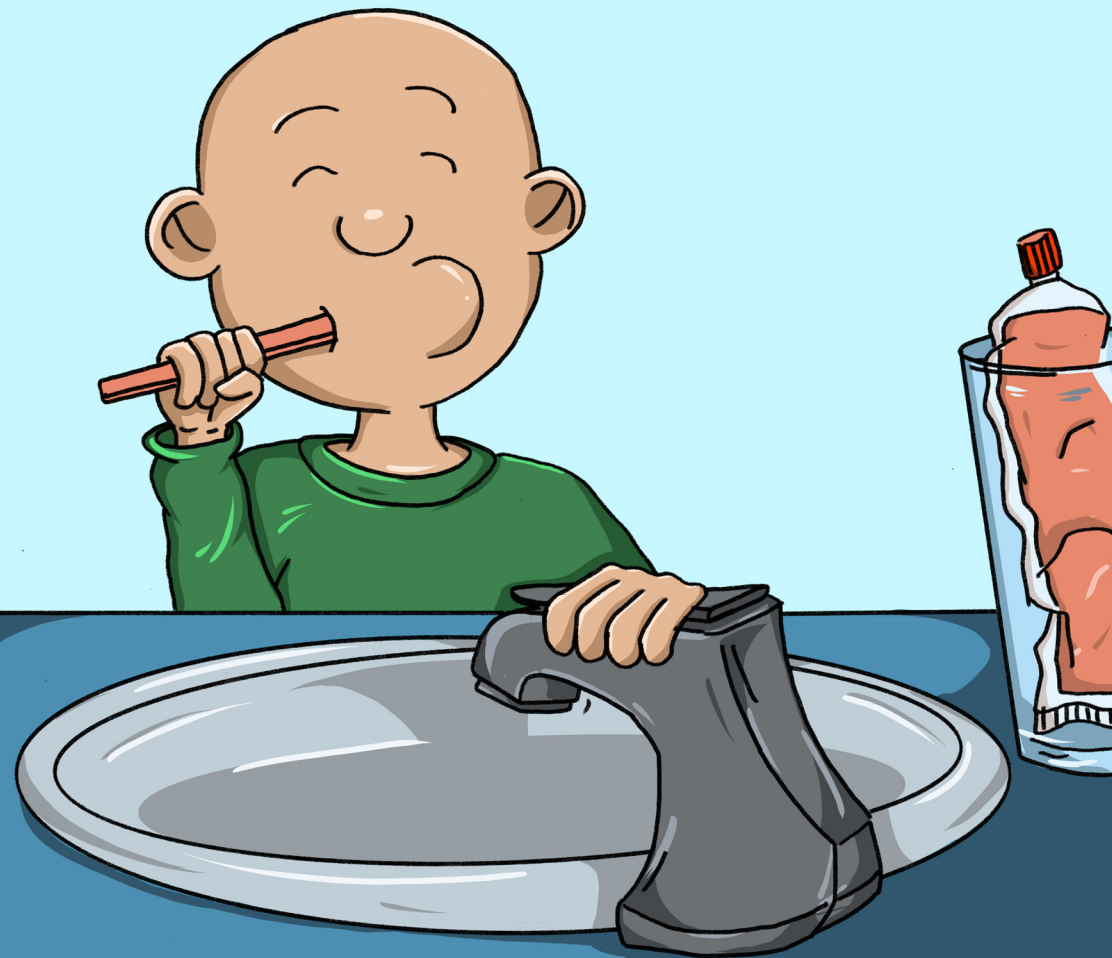

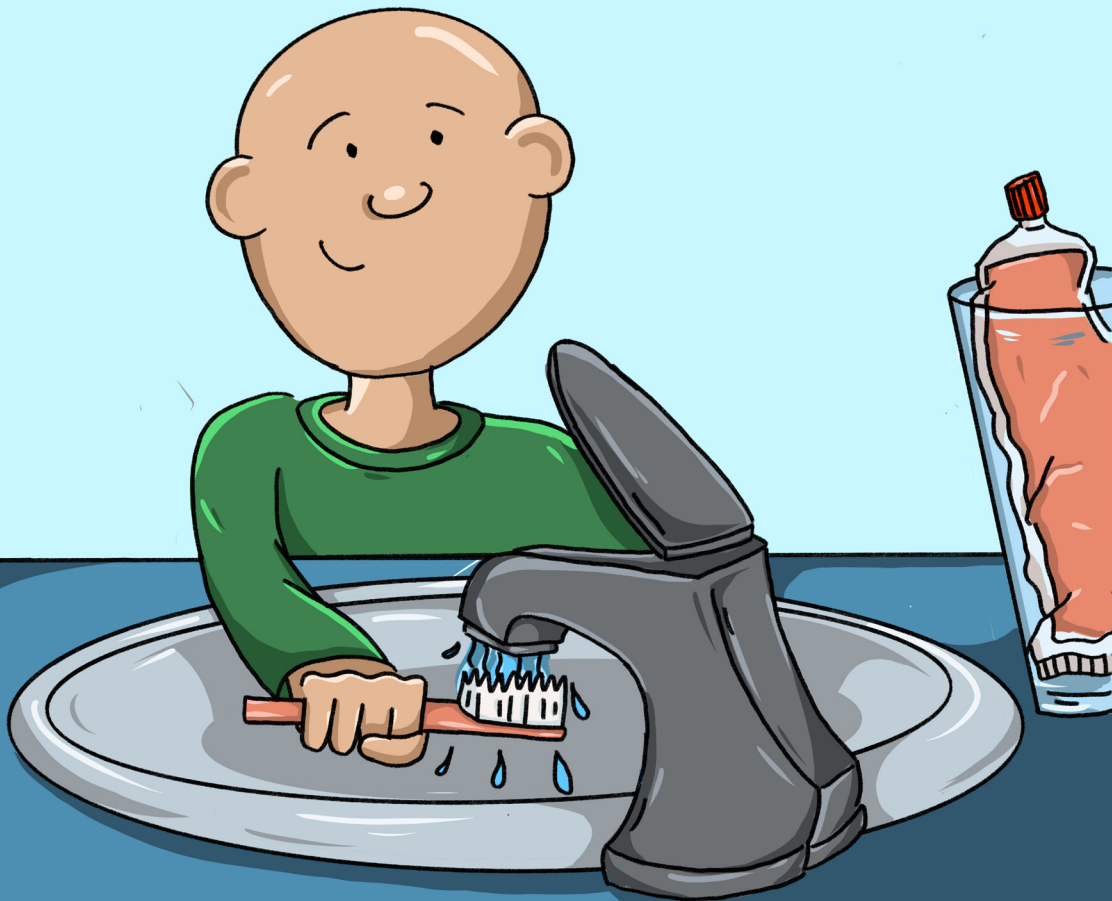

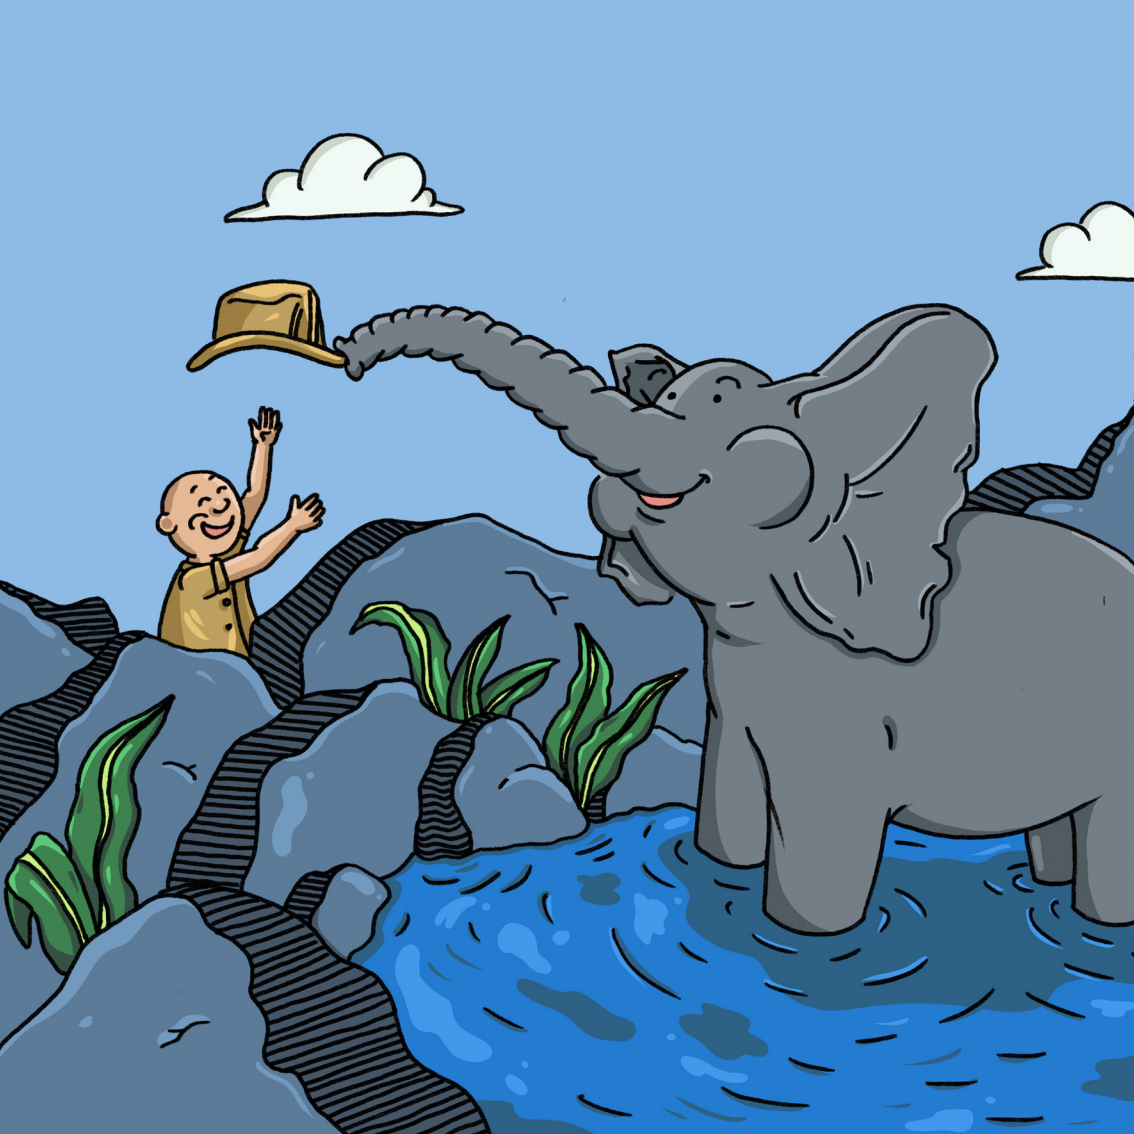

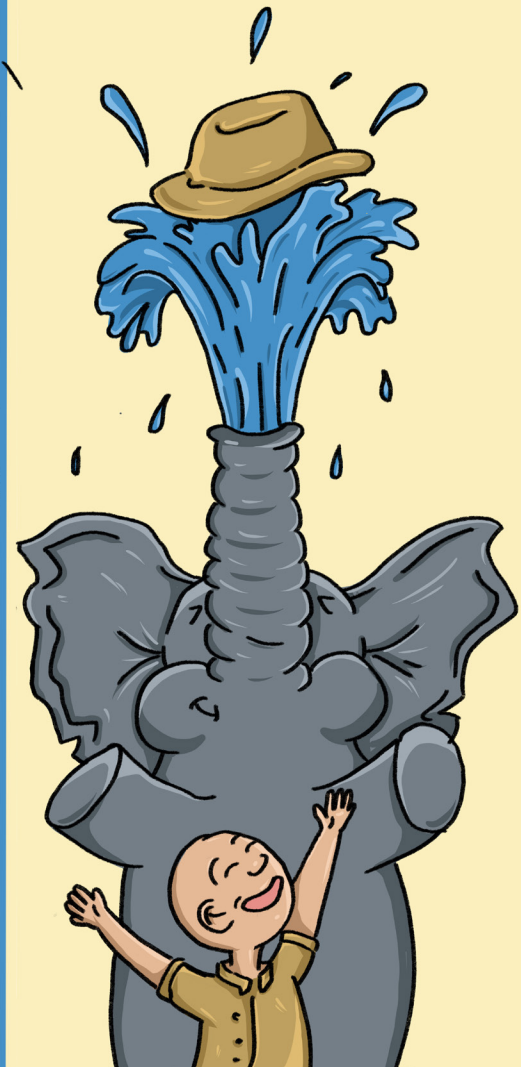

HAWKSBILL TURTLE

SUMATRAN ELEPHANT

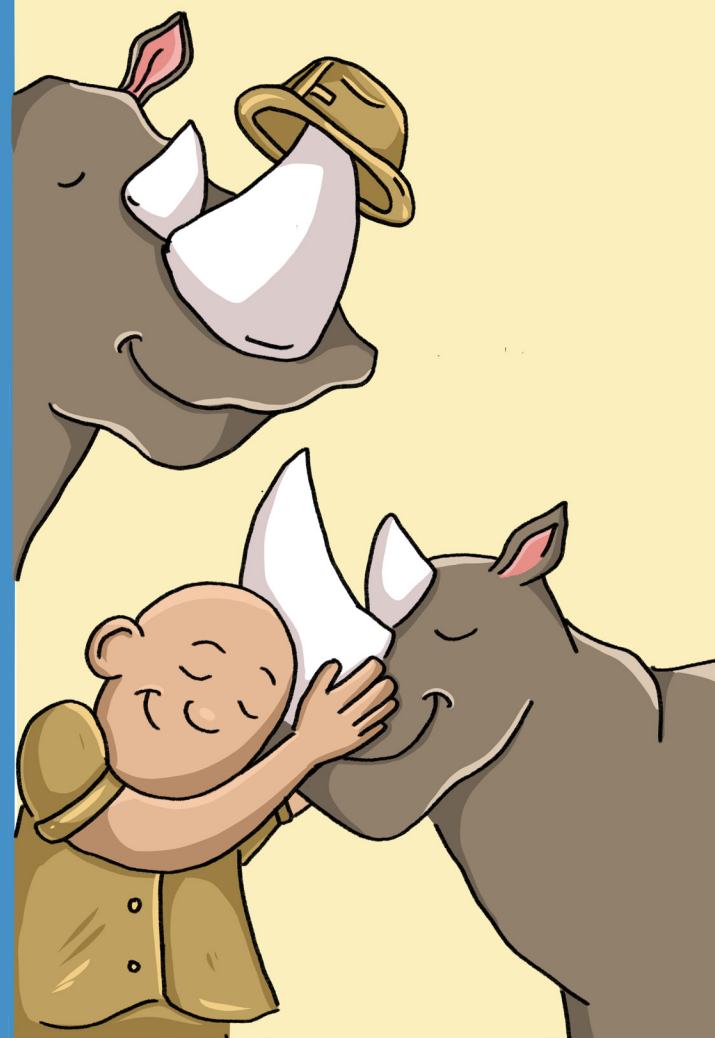

CROSS RIVER GORILLA

SUNDA TIGER

BLACK RHINO

The animals mentioned in this book are all a part of the World Wide Fund for Nature's endangered species list, unfortunately, these five animals are not the only ones.

The list has over 60 animals and if we continue our bad habits, the list will only grow. In order to save our wonderful animals we need to begin making better choices that contribute positively to our environment.

To learn more about our endangered animals and what you can do to help them, visit [www.worldwildlife.org/](http://www.worldwildlife.org/)

Here are some ways that you can help the environment and some of your favourite fuzzy friends!

1. Always throw your rubbish into bins (or even better, recycling bins!)
2. Don't waste food! Ask for smaller portions since you can always add more later!
3. Turn off your tap whilst brushing your teeth to save water and take showers instead of baths!

# A Little Goes A Long Way

**Follow the journey of a boy who discovers how his actions can impact his environment and some of his favourite fuzzy friends.**

**A Little Goes a Long Way is a book composed fully of images, encouraging children to learn through observation.**
